Town indebtedness,	3,000 00

Report of the Selectmen.

To the Taxpayers of the Town of Haverhill:

Your Selectmen submit herewith their annual report for the year ending February 15, 1907.

It is their desire to render to the taxpayers of the town such a report as will place before them a full, fair and complete statement of their doings and of the finances of the town for the past year.

During this period the valuation of the town has increased \$61,330.44, making the total valuation \$1,456,841.00.

In the police department the receipts and expenditures are but slightly changed from last year; the expenditures this year, however, being in excess of receipts. At the election last November the town voted "no" on the license question. Under the license law the change from license to no-license goes into effect on May 1, 1907.

In the matter of highways the expenses have somewhat exceeded the appropriation. This was due to the necessity of rebuilding an unusually large number of culverts and to putting in a new iron bridge across the Oliverian stream east of Pike. The cost of this bridge, including work on stone abutments, etc., was about \$1,000. All the iron bridges in town have been painted during the year and are in first-class condition.

The money raised for permanent improvements has been expended under the direction of the state engineer. This

money was spent in building a stone road from the Woodsville Precinct line on the Connecticut River road south to the railroad crossing; in building steel and concrete culverts; in removing ledge in various places, thus widening highway, and in putting in catch basins and tile pipe to carry off surface water from highway north of North Haverhill village.

Both the county and town poor accounts show a decided decrease in expense from last year.

The quarantine expense, on the other hand, shows an alarmingly large increase. Last year this amount was \$223.97, while this year it has been \$919.17. All quarantine bills are contracted for or are approved by the boards of health, and when so approved have been paid by the selectmen.

Three thousand dollars (\$3,000.00) of town bonds have been paid the past year, as well as all interest due.

There is one order outstanding, and that is for the sum of \$3.00; and there are no bills unpaid that have been allowed to date.

The net debt of the town has been reduced during the year \$2,630.30.

There has been occasion for several special town meetings during the past year. One was to see if the village of North Haverhill would adopt a precinct organization for the purpose of lighting the streets, and at this meeting the proposition was rejected. Later a meeting was held to see if the town would unite with the town of Newbury, in the State of Vermont, in purchasing, repairing and making free the former toll bridge between Haverhill and Newbury, and known as the Haverhill bridge. The bridge company agreed to donate this bridge to the two towns if they

would repair it and make it free to public travel. At this meeting it was voted to authorize and instruct the selectmen to unite with the said town of Newbury in accepting the bridge and putting it in repair at an expense not exceeding \$1,500 on the part of the town of Haverhill, the said town of Newbury having taken like action. A contract was let for the repair of the bridge and work was begun last December, and it is expected that it will be open for public travel by March first.

Another special meeting was held to see if the town would instruct the selectmen to apply for a charter for supplying the town with a town water system, and at that meeting the voters declined to so instruct the selectmen.

The Bradford Electric Light Company having come to North Haverhill with its line, it was deemed wise by our selectmen to put electric lights in the town clerk's office and town hall. It is believed that the increased income from the use of this hall will fully meet the expense incurred.

Included in this report you will find reports of the Cemetery Commissioners, Police Court and Town Clerk.

A copy of the warrant for the coming March meeting is also included and deserves your careful attention.

Report in detail is as follows:

Selectmen of Haverhill.

We have examined the accounts of the Selectmen and found them correct.

TYLER WESTGATE,

JOSEPH M. HOWE,

Auditors of Haverhill.

Report of the Board of Cemetery Commissioners.

To the voters of the Town of Haverhill:

The present organization of the Board of Cemetery Commissioners is as follows:

E. B. PIKE, Chairman and Secretary;

EZRA B. WILLOUGHBY, Treasurer.

JAMES M. JEFFERS, Member.

CALEB WELLS, “

Owing to his contemplated permanent change of residence and in view of the fact that he was compelled to be absent the latter half of the yearly term, Dr. H. C. Stearns, representing Haverhill, tendered his resignation, which was accepted with regret by the Commissioners.

It has developed during the past year that there is a division of sentiment in the Haverhill district, so called, concerning the work of the Commissioners as pertaining to the cemetery at Ladd Street. There has existed for some time a Haverhill Cemetery Association, and the Commissioners, having at all times the desire to work in perfect harmony with any local associations that may have been formed, have not attempted to work in this district. The Commissioners have inserted in the Town Warrant an article covering the election of the successor of Dr. Stearns, taking this means of letting the citizens in the town at large and the citizens in the Haverhill District in particular, voice their sentiments concerning the work of the Commissioners and the Haverhill Cemetery Association, so called.

Work has been done at the East Haverhill cemetery, the cemetery in the No. 6 District, the cemetery at Center Haverhill and the cemetery at Horse Meadow. The Com-

missioners have not used all of the appropriation of One Thousand (\$1,000.00) Dollars granted by the town in March, 1905, and March, 1906. They desire to make use of the appropriation completely before asking for further allowance, believing that the voters of the town are entitled to a further and more complete report on the part of the Commissioners before a further appropriation is asked for.

At the town meeting in 1906 the sum of three hundred (\$300.00) dollars was voted to the Commissioners for the procuring of headstones for unmarked graves. At that time it was thought by the Commissioners that markers costing three (\$3.00) dollars each would be satisfactory. It has developed since the March town meeting that a thicker marker can be procured for five (\$5.00) dollars, and the Commissioners are now procuring markers at this expense, with a view of placing them in the different graveyards in the spring. The present appropriation will permit of sixty (60) markers as above described.

The report of the treasurer of the Commissioners is attached. In explanation of this report the Commissioners beg to state that in the report rendered to the town for 1906, the Commissioners placed among the items of disbursement all bills that had been approved by them and sent to the selectmen for payment. So far as the Commissioners were concerned, this constituted a payment, owing to the fact that the town had not, at that time, placed the first appropriation of five hundred (\$500.00) dollars in the hands of the Commissioners. It has developed since the last report to the town that at least two of the items reported previously were not paid by the selectmen but were turned in to the treasurer of the Commissioners after the appropriation was placed in his hands.

So that the voters may have at hand information concerning the expenditures, the report of the treasurer is divided into sections, each of which is self-explanatory.

Respectfully submitted,

E. B. PIKE, Chairman.

Report of Town Clerk.

To the inhabitants of the town of Haverhill:

I herewith submit my report for the year ending Feb. 15, 1906.

I would respectfully ask that any errors noticed in the tables of births, marriages and deaths be reported to me at once.

Your attention is again called to the extracts from the law relating to the licensing of dogs.

Respectfully submitted,

ALBERT F. KIMBALL.

LAW RELATING TO DOG LICENSES.

There is and has been a great deal of misunderstanding in regard to the law relating to the licensing of dogs, and the duty and liabilities of the owners. We therefore beg leave to submit a few extracts from the Public Statutes, hoping that they will be of service to the owners of dogs, and that they will govern themselves in accordance with the same.

(Extracts from Chap. 60, Laws of New Hampshire, 1891.)

SECTION 1. Every owner or keeper of a dog three months old or over, shall annually, on or before the thirtieth day of April cause it to be registered, numbered, described, and licensed for one year from the first day of the ensuing May, in the office of the clerk of the city or town wherein said dog is kept, and shall cause it to wear around its neck a collar distinctly marked with its owner's name and its registered number.

SEC. 2. An owner of a dog may at any time have it licensed until the first day of the ensuing May; and a person becoming the owner or keeper of a dog after the first day of May, not duly licensed, shall cause it to be registered, numbered, described, and licensed as provided in the preceding section.

SEC. 3. The fee for every license for a year shall be two dollars for a male dog and five dollars for a female dog, and such proportionate sum for licenses for dogs becoming three months of age after the first day of May, or which may be brought from out the state after the first day of May, as the remaining portion of the year bears to the sum required for a license for a whole year.

SEC. 8. Whoever keeps a dog contrary to the provisions of this chapter shall forfeit fifteen dollars, five dollars of which shall be paid to the complainant and ten dollars to the treasurer of the city or town in which the dog is kept.

SEC. 10. The assessors shall annually make a list of all dogs owned or kept in their respective cities or towns on the first day of April, with the owners' or keepers' names, and return the same to the city or town clerk on or before the first day of May. An owner or keeper of a dog who refuses to answer or answers falsely to the assessors, relative to the ownership thereof, shall be punished by a fine of not less than ten dollars, to be paid into the town treasury.

SEC. 11. The mayor of each city and the selectmen of each town shall annually, within ten days from the first day of May, issue a warrant to one or more police officers or constable, directing them to proceed forthwith, either to kill or cause to be killed, all dogs within such city or town not licensed and collared, according to the provisions of this chapter, and to enter complaint against the owners or keepers thereof; and any person may, and every police officer and constable shall, kill or cause to be killed, all such dogs, whenever and wherever found.
